

Dear Sir/ Ma'am

Greetings of the day !!!

Cyber Security has grown into one of the most important fields in the last few years as it has now become totally integrated in the daily lives of everyone. There is a very famous quotes by Sun Tzu from the book 'The Art of War'

“The art of war teaches us to rely not on the likelihood of the enemy's not coming, but on our own readiness to receive him; not on the chance of his not attacking, but rather on the fact that we have made our position unassailable.”

These days Dealing with cybercrime is a war like situation and police officers' cyber-skills come under increasing pressure. So, to enhance the interns awareness on cyber security risks **Gurugram Police** is organizing **cyber internship program**. This internship presents an ideal opportunity to learn from experts how to improve cyber defense

Please find below, for its schedule starting from 17-June 2021.
